Press Release

The Young's Ice Cream Charity Bike Tour Distributes Funds to Local Charities

\$72,000 raised on a two day bike tour

Young's Jersey Dairy, Yellow Springs, Ohio September 2008:

Through the work of local volunteers and bike riding enthusiasts, \$72,000 was raised to benefit four local charities this past July. The four charities are the Alzheimer's Association, United Rehabilitation Services, Juvenile Diabetes Research Foundation and Wellness Connection of the Miami Valley.

The 6th Annual Young's Ice Cream Multiple Charity Bike Tour was organized by volunteers. The ride started and ended at Young's, with 28 mile, 56 mile, 61 mile, 83 mile, and 103 mile options and an overnight stay at Ohio Northern University in Ada. Over 200 riders of all ages and abilities raised money for charity and had a good time riding the well-marked routes. Food and ice cream was provided to all volunteers and riders. Each charity provided volunteers to staff the rest stops along the route.
